ABOUT ME

I'm a web developer who loves building cool, user-friendly apps and websites. I'm always up for solving problems, learning new things, and building products that deliver real value to users.

EDUCATION

B.E. Computer Science
Jawaharlal Nehru Engineering College

Aurangabad, Maharashtra

ONLINE PORTFOLIO

Live Projects & Demos:
https://larrywahlang.github.io/

LANGUAGES

English (Fluent) | Khasi (Native)

INTERESTS & HOBBIES

Jumprope | Running | Football

FEATURED PROJECT

Examcurate

examcurate.com ↗

Built an online test preparation platform (**examcurate.com**) for candidates preparing for Meghalaya government job exams, focusing on mock tests and detailed performance analysis after test completion.

- Designed and built interactive, responsive mock test interfaces with real-time countdown timers and question navigation using React, HTML, CSS, and JavaScript.
- Developed backend test evaluation logic in Laravel to automatically score submissions and generate post-test analysis reports covering accuracy, time taken per question, and subject-wise breakdowns.
- Set up MySQL with Eloquent ORM to store question banks, candidate answers, and detailed test attempt histories.
- Implemented Redis caching to deliver fast question loading during live mock tests and Laravel Scout for rapid search across question papers.

Frontend: React, HTML, CSS, JavaScript
Backend: PHP, Laravel (MVC Framework)
Database: MySQL, Eloquent ORM
Search & Cache: Redis, Laravel Scout

TOOLS & TECHNOLOGIES

Front-end Development
HTML5, CSS3, JavaScript (ES6+), React

Front-end Frameworks & Styling
React, Tailwind CSS, Bootstrap 4 & 5

Back-end Development & Frameworks
PHP, Laravel (MVC Framework, REST APIs)

Database & Caching
MySQL (SQL & Eloquent ORM), Redis

Backend as a Service (BaaS)
Firebase, Supabase

Version Control & Utilities
Git, GitHub, Laravel Scout (Full-Text Search)

Hardware & Networking
Computer Hardware Troubleshooting, LAN/WLAN Setup, Network Configuration & Maintenance
